

OUMA MOGALE

Safety advisor

Kumba Iron Ore

Safety advisor Ouma Mogale runs a number of safety campaigns at Kumba Iron Ore, where she is responsible for enforcing compliance.

One of the campaigns is **I Care Buddies**, a system for employees to look out for each other by taking the time to stop and correct unsafe ways of working when they notice them.

Ouma, who grew up in Burgersfort, a mining town in Limpopo, was inspired to pursue a career focused on mining safety after seeing how community members around her were impacted by mining incidents. And she vowed to work towards preventing such incidents.
